

Family Ministry Prayer List

Thank you parents for partnering with us in prayer and interceding for students and leaders!

Our biggest prayer is that **Jesus would truly save the souls of students** through ourselves and leaders. We do not want to get distracted in ministry and forget that our goal is too Jesus influence lives and save souls.

Here are some prayer we are asking for specific key Areas for Family Ministry.

Children Ministry

- Supernatural strength, peace and joy for families as kids return to school and parents find their rhythm
- Our Children's Ministry Team operate and care for our kids and families from a rich place that we ourselves are experiencing with God
- We continue to believe in the work we do because we have experienced God's goodness in our lives and want to share it with others

• Midweek

- That leaders and students would really genuinely connect in the ways that God would have.
- That we would see more students come and returners would step out in faith and invite friends.
- That Lord would provide a space for students.

• Small Groups

- That the Holy Spirit would use these discussions to inspire students to live out their faith.
- That real connections and relationships would form from the small groups times.
- That leaders would not get complacent, but would continue to nudge students to engage in the opportunity of small groups.

• 5th/6th

- The Lord would continue to bring small group leaders but specifically girl leaders.
- That program would be fun and engaging in their stage of life.

Thank you again for praying with us!
